

Robert Boykin

Treasurer

Robert Boykin has held multiple leadership positions and has over 30 years of experience with Department of Energy prime contractors and the reactor nuclear power program. While working at Hanford, Robert has served as a manager of numerous functions for various contractors, including Westinghouse, Fluor, CH2M HILL, and Bechtel.

Robert has served as a team leader for many fact finding investigations over the last 25 years, and presently serves as the program manager for CH2M HILL's Plateau Remediation Company Employee Concerns Program.

Robert holds a Bachelor of Science degree from Central Washington University. In addition to being a member of ASQ, he is also a member of the National Association of Employee Concerns Professionals (NAECP).

Robert has participated as a regional and national judge for the ASQ International Team Excellence Awards Program, and in the past has served as Chair, Vice Chair, Membership Chair, Treasurer, and Newsletter Editor for Section 0614.
