

## **Columbia Basin ASQ Meetings - 2022**

We strive to offer informative meetings and site visits for our members and others in our area. If you would like to plan a future meeting or site visit, or if you know of some good speakers, let us know.

Due to the COVID-19 pandemic and per ASQ policy, we did not hold any in-person meetings in 2021.

We may try to offer some virtual meetings and/or site visits this year, depending on speaker/company availability as well as the technology to do so. If you would like to champion such efforts, please let us know.

We will continue to share information about other ASQ sections' virtual meetings and events, and we encourage members to participate in them. We communicate regularly with members through our monthly newsletters.

Check back here periodically for updates relative to local meetings/events in the future.
