ASQ Membership XL: Level-up, Sustain the Gains, and Evolve

Daniel Zrymiak
**Project Manager, RST Instruments Ltd
ASQ Fellow, CMQ/OE, CSSBB, CSQE, CQE**

The Phoenix meeting will begin with networking, followed by section business/announcements, and then the presenter will be introduced (at approximately 5:45 pm).

This presentation is intended to show how the ASQ Professional member can enhance their membership experience. Key topics to be covered:

- Increase Affiliations to gain targeted knowledge and networking opportunities

- Obtain Qualifications to enhance personal portfolio

- Pursue and Achieve ASQ Membership upgrades to Senior and Fellow

- Achieve Recognition and Mentor others toward similar pathways and levels of accomplishment

Using the theme of incremental levels, Daniel will share how these progressively build up from a Professional Membership (which is already pretty good), through the steps and stages of affiliations, qualifications, membership upgrades, recognitions, and mentorship.
