The Agile Toolbox:
Preparing Your Team for Success

Zac Jarrard
**CQIA, CQPA, SSBB, CMQ/OE
Jarrard Consulting, LLC**

Many organizations and teams are striving to become agile but might not have the right tools. There are several different agile methodologies, and sometimes people can get lost trying to understand what they need to keep their project moving.

This session will provide an overview of agile and review different agile methodologies, examine several common tools agile teams leverage for estimates, organizing work and lessons learned, and share experience from successfully applying agile tools at work.

This webinar is for you if you are:

- Interested in learning more about agile
- Exploring new tools to be more efficient and effective at work

Zac will share information about:

- Common agile methodologies used by teams
- Best practices for leveraging agile tools
- How to apply agile in the workplace

About the speaker: *Zac Jarrard is President of Jarrard Consulting and is a global community supporter and multi-generational leader and speaker. He has provided consulting services since 2020 for businesses, nonprofits, and K-12 groups across the United States. Zac enjoys helping organizations and multi-generational teams achieve success.*

Zac's extensive background in project management, agile, gamification, and working across different age groups has served him well to assist organizations in improving productivity, delivering project results, and communication between younger and older generations in the workplace.
